

# ITALIAN FORCES MAKE FIFTEEN MILE GAIN IN ALBANIA CORCY CAPTURED BY FRENCH IN LATEST MARNE DRIVE

BERAT, IMPORTANT CITY AND MILITARY CENTER OF ALBANIA IS THE OBJECTIVE OF ITALIAN ARMIES AND LATEST SWEEPING GAINS ARE ASSUMING SUCH MENACING PROPORTIONS THAT A DIVERSION OF AUSTRIAN TROOPS FROM THE PIAVE LINE MAY BE NECESSITATED.

**FRENCH FOLLOWING UP JAMMING TACTICS  
CAPTURE IMPORTANT TOWN OF CORCY  
MARSHAL HAIG WINS ADDITIONAL GROUND**

RAIDING OPERATIONS CONSTITUTE BULK OF ACTIVITY ON THE OTHER ALLIED FRONTS. ENEMY AIRMEN AND BRITISH AVIATORS FIGHTING OVER FLANDERS FIELD. FIGHTING IN MACEDONIA HAS DEVELOPED STRONG BULGARIAN ATTACKS NEAR MONASTIR WHICH ARE REPULSED.

Washington, July 11.—(Associated Press Dispatch)—An official dispatch today reported unchecked advance of Italian troops in Albania with Berat as an objective. From the Voyusa the Italians have carried all positions to the Semeni in an advance of approximately 15 miles over a 50-mile front.

## CORCY TAKEN BY FRENCH

The French continued their jamming tactics last night on the westerly side of the Marne salient, southwest of Soissons, capturing the town and railway station of Corcy, and the farm and chateau of St. Paul, south of the town.

On the British front south of the Somme, Field Marshal Haig's infantry pushed still further forward and won additional ground east of Villers Bretonneux. Raiding operations comprised the major portion of activity on the remainder of the allied front.

The operations on the French front resulting in the capture of Corcy, gained in interest in that it represents a continuation of a series of important local attacks on this front between the Aisne and the Marne begun on Sunday.

It is along this line that the allies apparently found it quite probable that the Germans will resume their offensive.

Enemy aviators are active in Flanders. British airmen in battles with the Germans have accounted for ten of them while another fell before the British anti-aircraft fire. British superiority in the air is now firmly established.

Under Franco-Italian pressure the Austrian troops in Albania have retired beyond the Berat-Fieri line and are being pushed back steadily.

The fighting in the Macedonian theater has spread eastward and the Bulgarians are making strong attacks north of Monastir, apparently to draw allied attention from Albania. The Bulgarian attacks were repulsed with heavy losses by the French.

## AUSTRIAN PRISONERS TELL STORY OF MISERY

Say Corporal Punishment Has Been Re-Established In Army

Casualties In Italian Drive 250,000

Italian Headquarters, July 11.—(By Associated Press)—Evidence secured from Austrian prisoners indicating the Austro-Hungarian losses during the recent offensive were in the neighborhood of 250,000.

The prisoners say that corporal punishment in the Austrian army, which was abolished last year, has been re-established in practice.

Other reports made by captives tend to confirm accounts of poor wheat and potato crops in Austria.

## SOLDIER HANGED

By Associated Press Dispatch.  
Waco, Texas, July 11.—Nat Hoffman, a white soldier, was hanged early today at Camp McArthur. He was convicted of attacking a school girl last April.

## TROOP QUOTA NEGRO SELECTS

By Associated Press Dispatch.  
Columbus, O., July 11.—State draft headquarters today announced county quotas for the 180 negro registrants who are to be sent to Wilberforce University at Xenia, July 15th, for special mechanical training. The quota for Fayette is 3.

## OPPOSES INTERVENTION

MEYER LONDON

The report that Meyer London, socialist representative from New York favored the sending of an army by this country to Russia is declared to be erroneous by the representative. Representative London says he is opposed to the United States intervening in Russia. Mr. London said: "We cannot choose a government for Russia or any other country. The people of Russia must establish their own government."

## "Y" WORKERS PUNISHED BY OFFICERS

(Associated Press Cable)  
Paris, July 11.—Two American Y. M. C. A. workers have been found guilty and sentenced to confinement by a general court martial on charges of attempting to evade censorship regulations for receiving parcels, letters and photographs for delivery to relatives and friends in America, of members of the American Expeditionary Forces.  
On their release they will be sent back to the United States.

## THOUSANDS PAY TRIBUTE TO MEMORY OF MITCHEL

A Flag Draped Casket is Borne Through the Streets of New York.

Airplane Convoy Circled Overhead While Body Was Borne on Caisson.

Policemen, Firemen, Nurses and Soldiers in Line.

By Associated Press Dispatch.

New York, July 11.—The body of John Purroy Mitchel in a flag-draped casket was borne through the streets of New York today while tens of thousands watched in silent tribute.

The bell in the city hall tolled as the casket was borne from the rotunda where it had lain in state throughout the night and placed on an artillery caisson, drawn by four horses which conveyed it to the cathedral and then to the Woodland cemetery.

City Hall Park was dense with citizens and the procession of soldiers, sailors, policemen, firemen, Red Cross nurses and civilians representing all city departments, distinguished men of the city, state and nation and representatives of the allies had some difficulty in forming.

An airplane circled overhead later to be joined by six others, which flew back and forth over the route dropping flowers.

## CZAR'S SON IS REPORTED MURDERED

(By Associated Press Cable)

London, July 11.—Swedish newspapers published a statement by a Swede just returned from Moscow that Alexis Romanoff, son of Nicholas Romanoff, the former Russian Emperor, has been killed by a Bolshevik soldier by means of a bomb, says a dispatch today from Copenhagen.

## UNCONFIRMED

There have been numerous rumors recently of the death of the young Alexis Romanoff but none have been confirmed from any authoritative source.

## WHITE GUARDS IN YAROSLAV

(Associated Press Cable)  
Vologda, Russia, July 7.—White Guards have occupied Yaroslavl, a town 173 miles northeast of Moscow and have cut communications between Moscow and Vologda. Russian Bolshevik forces have been sent in the direction of Yaroslavl.

## ASKS NOMINATION

MRS. ANNA B. LEWIS

Mrs. Anna B. Lewis, of Norwich N. Y., wife of Sheriff Neil D. Lewis, has announced herself as a candidate for the Republican nomination to succeed her husband, whose term expires December 31. Mrs. Lewis actively participated in her husband's campaign, and since his election has been matron of the Chenango County Jail. She thinks that if the Sheriff's administration is considered successful the electors ought to choose her as his successor. He cannot succeed himself.

## VON HINTZE OPPOSED BY SOCIALISTS

Small Crisis In Reichstag Over Appointment

Must Declare Himself On Policy Say Radicals

(By Associated Press Cable)

London, July 11.—Reports that Admiral Von Hintze, a strong Pan-German, was to be named as successor to Foreign Sec. Von Kuehlmann, have caused a small crisis in the Reichstag. The socialists have declined to vote the war credit which cannot be passed without their aid until the new secretary announces his policy.

Apparently Von Hintze has been selected but the action of the socialists brought forth a semi-official announcement which declared he had been "only named." No official announcement has been made.

## VETOES THE EXTENDING TIME BILL

By Associated Press Dispatch.

Washington, July 11.—President Wilson today vetoed the resolution adopted by Congress last week, extending the time in which the railroad administration might relinquish control of lines not wanting in the federal system.

## WHOLESALE EXECUTIONS BY HUN IN FINNLAND

Since Germans Entered Finland 73,000 Workmen Have Been Arrested

(Associated Press Cable)

Amsterdam, July 11.—Since the Germans entered Finland 73,000 workmen have been arrested and many of them executed, declared Hugo Haas, leader of the minority socialists in a recent speech in the Reichstag, according to a published report.

The list of those sentenced to death contains name of a former premier and 50 socialist members of parliament some of whom have already been shot, said Haas.

## HEMMING IN SUBMARINES SAYS GEDDES

(Associated Press Cable)

London, July 11.—Speaking in London today Sir Eric Geddes, First Lord of the British Admiralty, said that mines gradually were hemming in the submarines which now had less freedom, and he was glad to say there were fewer of them.

## TEN SCORE MEN PATROL WIDE AREA

Believe Train Robbers Are Hiding in Surrounded Woods

By Associated Press Dispatch.

Paloa, Kans., July 11.—A posse of 200 men today were patrolling the banks of the Marais de Sygne river near here awaiting the signal to rush a large patch of woods in which it was believed were hiding a dozen men who late last night held up a south bound Missouri, Kansas & Texas passenger train just south of here, shot three persons, looted the express and mail cars and escaped.

Railroad officials this afternoon reported that little loot was procured by the robbers.

## ARSENAL EXPLOSION TWO ARE KILLED

By Associated Press Dispatch.

Philadelphia, July 11.—Two workmen are dead and four others seriously injured in an explosion at the government arsenal at Frankford, a suburb.

The explosion is said to have been caused by a workman dropping a loaded shell.

## BUSINESS AND CROPS BOTH GOOD

Encouraging Report On Everything Save Labor

Issued by the Twelve Federal Reserve Districts

By Associated Press Dispatch.

Washington, July 11.—Business conditions continue active and satisfactory with general confidence expressed in the future denoted by liberal advance buying, according to the Federal Reserve Board's monthly summary issued today based upon reports from the twelve Federal reserve districts.

Labor shortages are emphasized in reports from nearly every district,

Conditions in the Cleveland district are summarized as follows:

Business good. Crops satisfactory and promising. Money rates increasingly firm.

## ADOPTION OF WIRE PROGRAM IS PREDICTED

Senate Discusses Proposal to Enlarge War Power of President.

By Associated Press Dispatch.

Washington, July 11.—Consideration began in the Senate today of the House resolution empowering the President to direct Telegraph, Telephone, Cable and Radio systems during the war. Prompt adoption was predicted by Administration leaders.

When the prohibition bill came up automatically at two o'clock the Senate agreed to lay it aside and proceed with the wire control measure. No objection to the procedure came from the prohibition advocates.

## TEN AIRPLANES MAKE LANDING ONE IS SMASHED

Lt. H. L. Collins, Former Columbus Newspaper man In Charge of Squadron--One Cadet Narrowly Escapes Death Airmen Pleased With City

A half score of airplanes landed on the Story field east of this city Thursday morning, the first of the planes, bearing Lt. H. L. Collins, former Columbus newspaper man, in command, landing in the field about 7:30 after making several circles about the city.

And the first accident occurring on the Story field took place when the last plane to arrive was making a landing and struck the wire fence between the corn and landing field, hurling the machine unceremoniously to the ground, smashing the propeller and otherwise damaging the machine so that it was necessary to summon a truck from the Wright field and haul the machine back to the Wright field.

The cadet, fortunately, escaped serious injury, and was placed in another machine which he piloted back to the home field.

Lieutenant Collins remained in this city, dining at the Cherry, to return with the damaged plane.

Following Lt. Collins came the other nine planes at intervals of several minutes, to of the last one appearing at about the same time, and taking the field within a few minutes of each other.

Two of the dozen planes which started from the Wright field to this city, they landed at some other point, hav-

ing become lost in the 40 minute trip outlined to the landing field east of this city.

Lieut. Collins, a former Columbus newspaper man, stated that he was greatly pleased with the landing field at this point, and that it was a pleasure to come to this city because the citizens do not climb over or meddle with the planes like they insist in doing at some other points.

One of the Cadets, in taking the air, came very near plunging to the ground and wrecking his machine because of the desire to get into the air too speedily and at too great an angle. As a result the plane toppled first one way and then the other, but continued on her course, fortune favoring the new man at the helm.

That man will never know how near he came to taking a plunge to the earth and wrecking his machine said Lieut. Collins who was watching the performance.

As no previous notice of the visit to the field had been given, the field contained a large number of cattle and hogs, but these did not give a great deal of trouble. The last plane arrived about 9:30 a. m.

Another request has been made for citizens to keep off the field when the planes land, as this field is not leased by the government, and any person entering the premises, which are posted against trespassing, is violating the trespassing law and liable to fine. Announcement was made Thursday morning that a number of names would be placed in the hands of the proper authorities in an endeavor to stop the practice entering of the field.

That squadrons of the planes will continue to visit this city at intervals, throughout the summer and fall, was the belief of the airmen, who declare the trip across the country to this city and return is an ideal one, and a favorite with the airmen generally.

The weather for flying Thursday morning was declared to be ideal.

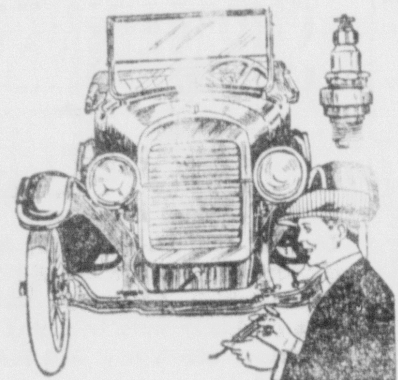

## HUN AIRPLANES CARRYING MAIL

(Associated Press Correspondence) Amsterdam, June 27.—An average of a thousand packets of mail are now being carried regularly every day between Vienna and Kiev by airplane. The distance between the two cities is 750 miles and the claim is made that this is the longest regular air express mail route now being operated in any part of the world.

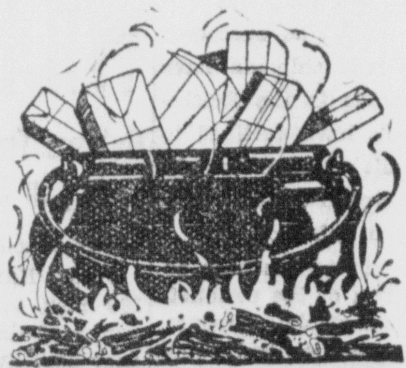

The trip takes from ten to twelve hours, compared to forty hours by train. It is made in four stages, the intermediate stops being Cracow, Lemberg and Proskurov.

## PRIZE WINNERS IN ESSAY MEETING

Good Seed sown in the thoughts of the Young Patriots of our country.

Prizes were offered in the Seventh and Eighth grades of our Public Schools, by the Woman's Christian Temperance Unions of the country, for the best essay written on the special subjects chosen by the National Superintendent of the Scientific Temperance Department.

188 pupils contested for the prizes in the Washington, Jeffersonville and Good Hope schools.

The subject for the 8th grade was, "The Business Men's and Soldiers' View of Alcohol."

The winning pupil in each grade was given one dollar in Thrift Stamps by the local union of that place.

The winners in the 8th grades were James Dice and Martha Porter of Washington schools, Gwendolyn Spengler, of Jeffersonville, Ruby Lee Holden, of Good Hope.

The subject for the 7th grade was, "Do Cigarettes and Tobacco in other forms, injure a boy's mental and physical growth and efficiency?"

The winners were: Ruth Tanquary and Dorothy Lewis of Washington, Helen Blessing of Jeffersonville and Dorothy Countryman of Good Hope. The winning essays were judged for a County Prize and the County Union awarded \$2 in Thrift Stamps to James Dice of the 8th grade and Ruth Tanquary of the 7th grade.

These essays with two others written by Mary Kruger and Clay Penrod of the Good Hope High School, have been sent to the State Superintendent of S. T. U. for a state contest and if any of them should be the happy winner, that essay would be sent to the National Superintendent for the National Contest.

Those judging the essays were well pleased with the knowledge the children showed of the subject matter and also the neatness of this work.

The unions hope that the essay work may extend into all parts of the county another year.

## SAY CONSOLIDATION BEGINS JULY 15

Consolidation of the freight business of the B. & O. and Pennsylvania railroads in this city and Sabina will begin July 15th, according to reports emanating from Wilmington. So far no definite information has been received in this city regarding the proposed consolidation.

Regarding the proposed consolidation at this point the Wilmington News of Wednesday says: "It is announced here, unofficially, that the consolidation is to be effected between the Pennsylvania and the B. & O. at both Sabina and Washington C. H., effective July 15."

"It is explained that at both these points the work of consolidation does not engender the building of any new stations or freight houses and that there will be nothing necessary but the union of offices and the elimination of double work as far as possible."

"At Sabina, for example, the two stations stand very close together, and their consolidation would be a

very easy matter, one building being used for express and passenger and baggage business, and the other for freight business.

"It is understood that this consolidation will be effected shortly, though no official confirmation of the story is available."

## SMOKE FROM ENGINE CAUSES FIRE ALARM

When an engine in the back part of the building of the Ortman Motor Company, on East street, was being fired up, about 4:30 Wednesday afternoon, the smoke from the engine poured out through the roof, and from other parts of the building, with the result that a fire alarm was promptly turned in by someone, and the department had a hurried run to the scene only to find that it was a false alarm.

A big crowd followed the fire truck, and the excitement quickly subsided when the cause of the smoke was ascertained.

## RED WEEVIL FOUND IN MUCH WHEAT IN WESTERN PICKAWAY

The red weevil, one of the worst of the wheat pests, has been found in virtually all wheat threshed in the New Holland community, and is supposed to have greatly reduced the yield in some fields in that community, although for the most part, according to the grain dealers in that town, the weevil appears to have entered the wheat just a little too late to seriously damage the bulk of the wheat.

Yields in the face of the ravages of the red weevil are running from 18 to 25 bushels to the acre around New Holland, and the price being paid is \$2.10 per bushel.

John Smith, of the Groce Elevator, New Holland, reports the bulk of the wheat of exceptional quality, and in regard to the red weevil declared that his observation was that the weevil did its greatest damage in the late sown wheat.

It is believed that the weevil played an important part in causing premature ripening of some fields of grain as it works directly on the head of the wheat, and later penetrates the grain itself.

## DOES IT MEAN YOU?

If you are among the many who already know the convenience and saving of having your washing laundered here, it would be a useless effort for us to talk to you; but if you are not already convinced, we are asking you to make the trial with your next bundle. Make it next week.

## PRESBYTERIAN CHURCH IN DECORATORS' HANDS

O. J. Kover and Son Fresco artists and designers, of Ft. Wayne, Ind., began the work of re-decorating the First Presbyterian Church Thursday morning. The firm's representative, Mr. J. J. Miller, arrived Wednesday evening to take charge of the work.

The church has been badly in need of decoration and refinishing for some time.

It will be frescoed in oil, and old ivory and gold color scheme being most effectively employed in the design chosen.

The women of the Church are financing the work, which is under the direct management of the executive committee of the Guild, Mrs. J. F. Dennis, President, Mesdames Frank M. Fullerton, A. F. Hopkins, C. A. Reed, G. W. Blakeley and A. C. Henkle.

## HOSPITAL NOTES

Mr. James Stewart was able to leave the Fayette Hospital Thursday morning and return to his home.

Mrs. Henry Flee of Summit Hill underwent a surgical operation at the Fayette Hospital Thursday afternoon.

## GERMANS GRAB GROWING GRUB

(Associated Press Correspondence) Amsterdam, June 11.—"Reports of a calamitous state of things reach us from all fruit growing regions of the German Empire," says the Dusseldorf Nachrichten.

The paper states that there is a wild rush on the part of dealers and private persons for the orchards and fruit gardens. Everywhere the fruit crops are being bought up regardless of prices and food regulations. The authorities seems powerless to

cope with a rush of this magnitude. Fruitgrowers with impunity charge fivefold the maximum prices and get them. Cherries, strawberries and other fruit are unobtainable except at extortionate prices.

## Intervention In Russia

During the week last past, immediately preceding and following the announced intention of the allies to intervene and assist the responsible Russians in bringing order out of the chaos and establishing some sort of governmental order and rule, the trend of affairs in Russia has been very much more encouraging.

Intervention by the United States, in Russia, even with the concert of the Entente nations and Japan is a tremendous undertaking, especially in view of the great work undertaken and now being carried forward in France.

The proposal now definitely announced as determined upon is full of danger. But Russia abandoned to her fate, helpless and a prey to German greed, a storehouse for Germany from which the war lords may replenish their rapidly waning food and man power supply is a greater menace.

The most encouraging development is the uprising in the east, where Japan and America must gain a footing and where the bulk of the initial co-operating force must be developed. There the hostility to Bolshevik or German domination seems strongest.

The hope is that the opposition in the east may grow and spread, under the guidance of the allies, until sweeping across Siberia, gathering in volume and impetus as it travels westward, it will present at the strongholds of the Bolsheviks and the frontier of those provinces stolen by Germany, a force which will insure Russia and Russians from further exploitation by the Huns and succeed in restoring the lost provinces to the people from whom they were taken.

## Follow It Up

In the course of his report to the city council Tuesday night Service Director Smith called attention to the fact that one hundred and sixty-four fire hydrants in the city had been tested, that a number had been found "out of commission" through non use and lack of attention and a number were found to be filled with muddy stagnant water, in some instances, the mud being so thick that it was with difficulty the water forced its way through.

There should be a systematic testing—opening and draining of these fire hydrants, every one in the city—at regular periods to insure that they will be in working order if needed for the purpose of fighting fires.

But there is a far stronger cause why that course should be followed and that is the health of the community. We need no expert, bacteriologist or chemist or physician to tell us that water standing stagnant in dead ends for weeks and months and years at a time, accumulating mud, will contaminate the water flowing past in the live mains—our common sense tells us that.

It may be that these muddy, stagnant side-arms to the water mains do not render the water a positive menace to health—but they certainly make our drinking water supply less desirable in every way. The look and the smell of it is offensive at times and that need not be if the persons whose duty it is to see that these hydrants are kept clear do not shirk.

The people hope that Service Director Smith will follow up his report by seeing to it that a very necessary work is done promptly and properly.

## Von Kuehlmann A Failure

Germany's foreign secretary, Von Kuehlmann, has been forced to resign by the Kaiser and the war lords because of his speech in the Reichstag in which he stated that Germany could not win the world war by the sword alone.

The forced resignation of Von Kuehlmann is proof that Prussia takes no chances, that the other states of the empire are completely under the domination of Prussia. Von Kuehlmann is a Bavarian, the first non-Prussian foreign secretary Germany has ever had. He failed to measure up to Prussian standards—war and frightfulness—and he was deposed by the advocates of force and the right of might.

Von Kuehlmann didn't like the gold brain, the clanking swords and the arrogance and tyranny of the military. He believed there was reason and justice in the world.

He failed for that reason. He might, if allowed to use his own talents, aided his suffering people. Chained to the Prussian war chariot he was helpless, chaffing at restraint he was distasteful to the war lords and his "resignation was accepted."

The only trial of a non-Prussian in the council of the empire as foreign secretary was a failure and the reason is not difficult to ascertain.

## Poetry For Today

**THEY SHALL PAY**  
 We have left our homes and mothers  
 In the good old U. S. A.—  
 We have heard the call of brothers.  
 For hell, across the way.  
 We have stood the dreary training.  
 Stood hardships every day.  
 At that we're not complaining—  
 But someone's got to pay.

We have crossed the broad Atlantic.  
 We've dodged the submarines;  
 We've scratched until we're frantic.  
 And we've battled with the beans.  
 We have traveled a la cattle.  
 Now we're bunking in the hay;  
 But the Huns will know in battle  
 Just who has got to pay.

In the front-line muddy trenches,  
 Scorched by the bursting shell.  
 We've breathed the gas and stench  
 Of sons of Huns of Hell.  
 But for us they have no terrors,  
 We put them where they stay;  
 We fill them full of errors  
 And take their blood in pay.

We have seen the dead and mangled.  
 We've heard the children's cry;  
 We've seen the barbed wires tangled  
 With dead, and learned to die.  
 But above the din and rattle,  
 And torture of the fray,  
 We have heard the God of Battle,  
 "Go to it—make 'em pay."  
 —William R. Wood.

## WHEAT HARVESTERS MUST ANSWER THE DRAFT CALL

By Associated Press Dispatch.

Washington, July 11.—In response to a request for postponement of the July draft call in wheat producing states, Provost Marshal General Crowder has informed the Department of Agriculture that the military program will not permit of the delay in filling the monthly demand for drafted men.

## SAFE ARRIVAL OF U. S. CONSUL IS ANNOUNCED

By Associated Press Dispatch.

Washington July 11.—Safe arrival Consul at Tabriz, was announced today by the state department. He left Tabriz more than a month ago with a party of American and Europeans when Tabriz was threatened by Turks. Tabriz was threatened by American Consulate there and sacked an American hospital.

## SEAPLANE FALLS VOLUNTEER KILLED

By Associated Press Dispatch.

Washington, July 11.—Louis P. Mutty, a naval volunteer chief quartermaster, was killed by falling from a seaplane at Miami, Florida, July 9, the Navy Department announced today. His home is in Townsend, Wash.

## HUNS IN CONTROL

(American Press)

Stockholm, July 11.—General Mannerheim, commander of the Finnish government forces, visited Mr. Morris, the American minister to Sweden, and asked him what chance there was of Finland getting a supply of food from the entente powers. The general painted the food situation in Finland in the darkest colors. The American minister told him there was very little chance of Finland getting supplies so long as Germany held the country under her control.

The retirement of Von Kuehlmann as German foreign minister and the appointment of Von Hintze to succeed him is looked upon here as a victory for the Pan-Germans.

## BELIEVE U-BOAT WAS SENT DOWN

By Associated Press Dispatch.

New York, July 11.—A German submarine which attacked the American steamer Lake Forest, 1500 miles off Cape Henry, while she was returning from a recent voyage to Europe, is believed to have been sunk by the steamer's guns after a two-hour running fight, according to information received here today.

## CASUALTY LISTS AMERICAN ARMY

By Associated Press Dispatch.

Washington, July 11.—The army casualty list today contained 68 names. Five were killed in action, 10 died of wounds and 23 are missing in action. The Ohio list includes: Died of wounds: R. J. Carpenter, of Freedom Station; missing in action: J. A. Edlin, of Cleveland, Elmer Rehberger of Cheviot; previously reported wounded now missing in action: Michael Bayer, of Cleveland.

## MARINE CORPS

By Associated Press Dispatch.

Washington, July 11.—The Marine corps casualty list today contained 35 names. Thirteen were killed in action and 18 wounded severely. Ohioans are:

Killed in action: Raymond P. Schaefele, of Cleveland. Wounded severely: Sam Stalter, of Cincinnati.

## CHINK PRISONERS HELP W.

By Associated Press Dispatch.

San Antonio, Texas July 11.—Prisoners of China, refugees from Mexico and interned prisoners of the United States, 450 Chinese at Fort Sam Houston and Camp Travis are doing their part to help the allies of their country win the war.

When General Pershing abandoned his pursuit of Francisco Villa in the mountains and deserts of western Chihuahua, Mexico, and started back to the border, the Chinese colony in that section packed their belongings onto wagons, carts and burros and trailed out behind the American expeditionary force. They feared Villa and his bandits would carry out their threats to kill all Chinese in Mexico and General Pershing gave them permission to proceed to the border with his column.

Arriving at Columbus, N. M., the Chinese were placed in an internment camp until arrangements were made between representatives of the United States immigration department, the Chinese government and the tongs to which the Chinese belong for their transfer to San Antonio. Here they were allotted to the army camps and posts where they do all classes of work for the army and do it well.

Many of these Chinese are wealthy, having owned stores and ranches in Mexico. They have endowed a bed in the American hospital at Neufly, France, gave what was characterized as the largest chop suey party ever held in Texas as a Red Cross benefit, subscribed to Red Cross funds, and many have bought Liberty Bonds and thrift stamps. Many of the Chinese have applied for permission to enlist in the United States Army.

Wanted—Girls at Larri-mer Laundry.

## Are You Worn Out?

When the human machinery begins to wear out, you grow old, go into decline and decay, and live a miserable and watery, circulationless, nervous, shattered and weak.

FRANK M. ALLEN,  
 Probate Judge.

## Social and Personal

Miss Mindonna Dabe entertained with a delightfully informal little supper, Wednesday evening honoring her guests Mr. Dale McNett, of Dayton.

Summer flowers adorned the table.

One of the jolliest picnic outings of the summer was the Craig Store picnic at Cedar Hurst Wednesday afternoon and evening.

A party of fifty, including clerks and their families had a merry ride out, part of them in the big motor truck of S. A. Plyley and Son, and part in private autos. An ideal picnic resort at any time, Cedar Hurst was at its brightest and best on Wednesday and the cottagers on the grounds added their cordial welcome and participated in the fun. Fishing, boating, bathing and a ball game furnished sport for every body as long as the daylight lasted and when the belated shadows fell a big bonfire crackled and blazed and added the last touch to an outing of memorable pleasure.

Hamburgers and Frankfurters were roasted over the flames and, hot and well seasoned were most appetizing served with the picnic supper taken from baskets.

Messrs Clarence Craig, John Durant and Miss Merle Jones composed the committee in charge.

The beautiful grounds of Cherry Hill, fast becoming noted as a favorite picnic resort was the scene of a delightful picnic Wednesday evening, held by the M. H. G. Class.

There was a large turn out and the picnic spread provided a delicious supper.

Misses Rosalie Slagle, Eleanor Jones, and Marie Sharp, and William Henry Edwards made a motoring trip to Williamsport Wednesday.

Mrs. Justine Evans, Mrs. H. D. Shankle, Misses Ella Montgomery, Josephine and Belle Owens were visitors at Camp Sherman, Wednesday.

Mr. and Mrs. Homer Gibson, of Toronto, Canada, Mr. Gibson's mother, Mrs. Lucy Gibson of this city, and niece Miss Mathews, of Columbus were motoring guests here Tuesday of Mrs. Val McCoy and Mrs. Glenn Rodgers.

Mr. and Mrs. J. W. Duffee, daughters, Misses Grace and Mae and Mrs. Neil B. Jones motored to Camp Sherman Wednesday.

Mr. Loren Wilson, well known concert singer of Jeffersonville, went to Cleveland Thursday to join the Castle Court Singers, as tenor.

Mrs. William Vail returns to her home at Niles, O., Friday after a two weeks visit with her mother, Mrs. W. B. Hershey.

Mr. and Mrs. John Reed leave Friday morning for a visit with their son Mr. Karl Reed, and wife in Cincinnati, and Mr. and Mrs. Ed Weichelman at Ft. Thomas, Ky.

Mrs. Wm. Worthington has made excellent recovery from her recent operation at the Fayette Hospital and was able to return to her home on North Main street, Wednesday evening.

Hon. and Mrs. C. A. Reid, daughter, Miss Ruth, guests, Misses Gretchen Willis, Gladys Fenner, Kathleen Davis and Dorothy Rodgers made a motoring trip to Columbus Thursday.

Mrs. Charles Davis, of Millwood Avenue, is slowly improving after an illness of some weeks.

Mr. and Mrs. H. C. Ireland, sons, James and Billy, and Mrs. J. W. Hughey were motoring guests at Camp Sherman Wednesday.

Mrs. George H. Hitchcock has received word of the safe arrival of her sister, Miss Grace Stuckey, who has enlisted for over seas Y. W. C. A. work, on the other side.

Mrs. John Karns, who has been Mrs. James Ford's guest this week, returns to her home in Dayton, Friday.

Mrs. Jesse F. Cross and nephew, Ralph Childs, left Thursday morning for a visit at the home of Mr. E. W. Miller, a nephew of the late Mr. Cross, at Zeoring, Iowa.

Mr. Will M. Campbell, daughter, Miss Virginia and Miss Mary Dahl were visitors in Cincinnati, Thursday.

Miss Susie Templin and brother, Clarke Templin went to Dayton, Wednesday to spend a few days with their sister, Mrs. Ray English.

Mr. and Mrs. A. L. Thornton, Mrs. George B. Cheney and Miss Ida Reichert made a motoring trip to Columbus, Wednesday.

Mr. and Mrs. Will Hettishelmer, Mr. and Mrs. Sherrell Clark were motoring guests in Columbus Wednesday.

Mrs. Dave Sutherland is visiting her parents at Plain City. Mr. Sutherland will join her Saturday evening to spend Sunday and accompany her home.

Miss Naomi Rowan is attending the Ohio University Summer Course at Athens.

Mrs. Fred Purcell, of Chillicothe is the guest of Mrs. James E. Bush.

Mr. N. H. Gates has been down from Columbus spending a few days, with Mr. T. F. Gardner and family.

Miss Isabelle O'Neal was the guest of friends in London, Wednesday.

Dr. Evan Brock was called here from Columbus on professional business Thursday.

Mrs. Frank Demorest, of Bloomingburg spent Thursday with her parents, Mr. and Mrs. G. H. Lloyd.

"Mr. W. I. Barr returned last week from a trip to Isola, Miss. His granddaughter, Betty Barr accompanied him home, while Mrs. Earl Barr and other daughter, Margaret, are guests of Mr. and Mrs. E. A. Equire in New Vienna, they will also visit in the Barr home for the remainder of the summer, arriving the latter part of this week."—Greenfield Republican.

Mrs. Martha Vesey, of Greenfield, is visiting Misses Charity and Rachel Vesey, in Millwood.

Mr. Dale McNett, of Dayton is visiting his cousin, Miss Mildred Moss, and Miss Mindonna Dabe.

M. McMurry is on a business trip to Pembroke, Ky.

Mr. and Mrs. Wilbur Hyer and daughters and Mrs. Ed. Hyer have returned from a motoring trip to Indiana.

Miss Ina May Rockwell of Springfield is spending the week with her cousins, Misses Alma and Edna Crone on the Circleville pike.

Mrs. S. E. Simmons has returned from a few days visit in Columbus with her sister, Mrs. P. O. Daughters.

Mr. and Mrs. E. L. Bush, daughter, Miss Dorothy and Mrs. Charles Armstrong were motoring in Columbus, Wednesday.

Mrs. C. C. Krepps and little daughter Ruth Anne went to Columbus Wednesday to visit at the home of Captain Krepps for a week.

Mr. and Mrs. F. L. Conard were business visitors in Columbus Tuesday.

George Hooks, who left here six weeks ago for Camp Sherman, has written to friends here that he is now in the Quartermaster's department at Camp Joseph E. Johnson, Jacksonville, Fla.

Mr. and Mrs. John Carter, of the Jeffersonville pike, are announcing the birth of a son, Thursday morning.

Misses Lulu and Grace Theobald left Wednesday evening for Asheville, N. Carolina, where Miss Grace will make an indefinite stay for benefit of her health, in charge of the well known specialist, Dr. Stevens. Their brother, Mr. Leo Theobald accompanied them as far as Cincinnati, going on to his home in Chicago.

Mrs. C. A. Enteklin, of Columbus, is visiting her sister, Mrs. Reil G. Allen.

## TAX COLLECTION IS NOW \$70,587

The tax collection has reached near the \$75,000 mark, the last tabulation showing a total of \$70,587.65 paid into the country treasury up to the present time, and the remainder of the big tax collection must be paid in between now and stock sales day—the last Tuesday in this month, which is the last day for tax-paying.

The collection has been rather slow to date because of the great amount of work among the farmers. However the remainder of the period is expected to be a very busy one at the treasurer's office.

## SWARTZ IN JAIL WILL BE INDUCTED

Frederick Swartz, of Jeffersonville, indicted for failure to register, and who entered a plea of guilty to the federal indictment and was sentenced to serve five days in the Fayette county jail and then to be inducted into military service, is now serving the period in the county bastille, and upon leaving that institution will, it is said, be formally inducted into service at Camp Sherman or some other point.

## COLORED DRAFTEES GO TO WILBERFORCE

Three colored draftees of Fayette county will go to a mechanical training school at Wilberforce, in Greene county, July 15th, leaving on the afternoon train of that day.

The colored men chosen for the training school for military service are: Oscar Smith, Ovey Beecher, Brewer, of Bloomingburg, and Robert (Buck) Cole, of this city.

## 37TH NOW SAFE ON FRENCH SOIL

Cablegrams have been received in this city announcing the safe arrival in France of the 37th Division, formerly stationed at Camp Sheridan and which contains many local men.

## WATER TURNED OFF HYDRANT IS ADDED

The installation of a fire hydrant at North and Cherry streets, was the signal for a general shut-down of the city water supply for a considerable length of time Thursday afternoon, with the result that not only were citizens generally affected by the lack of water supply, but the water was badly stirred and became muddy in color, emitting a distinct odor similar to that of stagnant water.

The fact that so much territory supplied by water is affected when repairs or additions are necessary to the mains, has been the cause of a great deal of criticism from citizens who insist that the Water Company should have valves to control the supply of water in certain districts so that it would not be necessary to cut off more than one section of the city in order to install one fire hydrant at some distant point in the water supply system.

## TWINNS ARE BORN

Mr. and Mrs. Perl Merritt, of the Creek road, are announcing the birth of twins, on Wednesday evening.

## 32 BUSHEL YIELD

On 88 acres on the Parrett farm on the creek road, Elton Marine had a yield of 32 bushels to the acre.

## FRANCE PLANNING FOR JOAN OF ARC MUSEUM FOR PARIS

(Associated Press Correspondence) Paris, July 3.—Nobody has given a heartier welcome to the proposed foundation of a Joan of Arc museum than Anatole France, the great French writer who has himself written the history of France's heroine. He has further suggested a building in Paris as suitable for conversion into this museum, the mediaeval Hotel de Sens, which will be remodeled by all-visitors to Paris. He offers to present to the Museum two stone cannon balls dating from the siege of Paris in 1429, and a fine Gobelin tapestry showing the royal consecration at Rheims.

Another writer, who is also a deputy, Maurice Barres, is an equally enthusiastic supporter of the scheme. He is willing to introduce the necessary bill in the Chamber at once. Barres proposed to institute a national Joan of Arc Fete Day, but a Minister begged him not to do so for fear of offending the English.

"As if the memory of the Maid of Orleans is not venerated in England," he writes, "As if English historians have not been the keenest to rehabilitate her memory! I have just been visiting Lorraine, where the Americans are at the front. Do you know what struck me most? It was the cult, the veneration that these soldiers who have come from the other end of the world to pay the debt contracted in the time of Rochembeau and Lafayette, show for everything connected with Joan of Arc. Nothing is more touching than to see their pilgrimages—I use the religious term designedly—to Domremy, to the house where the Maid was born."

The humble house at Domremy would seem an ideal place for the museum as it has preserved its primitive character almost entirely. It belonged in 1815 to a modest farmer named Gerardin who sold it for \$500 to the Department Council of the Vosges.

The classified columns are always filled with opportunities to buy, sell.

## THE OLD RELIABLE STILL IN THE LEAD

Just received 1000 pounds of Michigan soup beans to sell at 15c per lb. These beans are first class and will make fine seed. Lima beans 15c per lb. Pinto beans 11c per lb. Our special low prices still prevail on dried peaches, prunes and Apricots. We have Georgia peaches, California cantaloupes, new tomatoes 2 pounds for 25c, hazanans, oranges and lemons. Circleville cabbage. Plenty of substitutes to go with flour, Killo for chicken lice, gapes in chickens, for potato bugs, melon vines and cucumber bugs, non-poisonous 15c and 25c per box.

## FARM NOTES

## Supplying Pectin For Jellies

Two requirements for the process of jelly making are the presence of acid and of pectin in the fruit juice. Some fruits naturally have too little acid, but, if they have pectin, some other acid fruit juice may be added. Fruits for jelly making should be gathered while a little under-ripe. Pectin is naturally abundant in some fruits and lacking in others. It is a good plan to test the fruit juice to determine its amount of pectin. This may be done by adding 1 tablespoon of the juice, extracted by cooking, 1 tablespoon of grain alcohol. Mix in a glass, let stand a few minutes, and note the amount of jelly-like material which settles at the bottom. By performing this test along with a test of a juice which is known to yield good jelly and comparing the relative amounts of pectin, it is possible to determine the jelly-making quality of an unknown juice. The white inner skin of lemon and orange peel contains considerable pectin which may be extracted and added to fruit juices which are deficient in it.

To extract pectin from oranges and lemons, cut or scrape the yellow outer peel from the white inner skin. Remove the white portion and pass it through a food grinder. Soak in sufficient water to cover. Let stand 2 or more hours. Cook slowly for about 2 hours. Strain through a jelly bag.—Department of Home Economics, the Ohio State University.

## Chance to Renew Old Sods

This year offers an excellent opportunity to rejuvenate old pastures that are not too steep for cultivation according to M. A. Bachtell of the College of Agriculture. Where such pastures are acid they may be plowed early and thoroughly worked down, then given a liberal application of limestone and acid phosphate with the prospect of growing a crop of wheat that will more than pay for the cost of treatment. A light top dressing of manure during the fall or winter, although not necessary, will increase the chance of a successful catch of grass. Given treatment of this kind, these worn-out pastures can be changed in less than 2 years from an unprofitable to a profitable condition. At the same time the total production of wheat can be materially increased. Two very desirable things will have been accomplished with one set of operations.

## A Modern Farm Team

In the same way that labor conditions have brought about the use of larger implements and three or four horse teams, so will economic conditions necessitate a larger and more thorough team work in the improvement of soils. Acid phosphates and limestone make an excellent lead team where legumes and manure are behind them. "Acid phosphate on every acre, limestone where needed," well might be made our watchword for the remainder of the season and even for succeeding seasons. Given an average season, most excellent wheat can be grown all over Ohio next year by making liberal use of no other commercial materials. These two materials should be supplied in liberal amounts before money is expended for nitrogen and potassium.

## TAKE IT IN TIME

Just as Scores of Washington C. H. People Have.

Waiting doesn't pay. If you neglect kidney backaches, Urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Washington C. H., citizens endorse them.

Albert Young, 207 S. Hind St., Washington C. H., says: "I had one particular attack of kidney trouble that caused me no little misery. My back became painful and when I retired at night, I was restless and sore through the muscles of my back and limbs. I often had to get up and exercise to get the pains to ease up a little. Doan's Kidney Pills rid me of the trouble. Since then I have taken Doan's, when I have noticed any return of the complaint and they have never failed to give me immediate relief."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Young had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## FOR COUNTY COMMISSIONER

I desire to announce my candidacy for the Republican nomination to the office of County Commissioner at the Primary election in August.

ELMER JUNK.

## YOUR FACE IS YOUR FORTUNE

A thousand people look at your face while one glances at your feet—yet you spend money to keep your shoes in condition and neglect your face. RED CROSS Shaving Lotion (the after-shaving luxury), makes old faces look young and keeps all faces in the pink of condition. This and other RED CROSS toilet articles sold only by C. S. HAVER'S DRUG STORE.

## TAX NOTICE!

The County Treasurer will be at the places named below for collection of taxes on the dates herein named:

Milledgeville—Friday, July 12th.

A. W. DUFF,

## Ugh! The Dust in Summer

Heat and dust during the summer give the housewife more work and worry than any other cause, and while it is impossible to prevent dust yet it is possible to have the means of quickly and easily removing it. This week we are displaying everything that will help you in this direction, such as

**WHISK BROOMS, BRUSHES, CHAMOIS SPONGES, FURNITURE**

and other Polishes any of which we will be very glad to show you and explain to you.

This is a very good time to think about the use of Cleaning Fluid for cleaning your clothes, etc., and Straw Hat Cleaner to keep your straw hats looking as new as when you bought them a month ago.

AND HOW ABOUT SOAPS?

## RED CROSS ACTIVITIES

The local chapter of the American Red Cross has received a letter sent to all Lake Division chapters by F. E. Abbott Director, Bureau of Development.

The letter is sent out in the hope that it may convey a very clear understanding of the difficult problem which confronts us and the spirit in which we are trying to meet it.

Mr. Abbott says: "There has been nothing finer than the unselfish and devoted way that the women of the country have given of their time and skill in making Red Cross aid dependable. We appreciate that work done in this way lacks something of the personal touch which comes from working for a particular institution, or for a particular group of people abroad, or in the field. We are none the less sure that the basis on which, broadly speaking, we are attempting to handle the matter, is the only practical one. Our standards are based on first hand knowledge and careful observation of people who are right on the ground. We hope to change our standards as little as possible; we hope to have them as simple as possible. Other patterns of a particular thing are sometimes urged by someone, who has had a limited experience abroad, as superior to the Red Cross standard. Our standards are, however, meeting the test of real service every day. The goal which we have set is not a visionary one, but we have hard practical war facts to face.

We are confident that every loyal member of the Red Cross will do the utmost to promote the efficiency of the organization so that we may continue to be the greatest relief agency operating in the war.

The Red Cross today is one of the greatest manufacturing enterprises in the world, and the wise direction of all this energy and enthusiasm presents many serious problems. We want every Red Cross worker to understand the situation as is gradually developing so that we may have that co-operation on the part of every one that goes with a true understanding of Red Cross aims and purposes. We have, therefore, set down below at some length a summarized account of the work up to the present time and of the problems now before us.

**OUR ENTRY INTO THE WAR**  
When this country made its entry into the war, the Red Cross saw the necessity of providing great quantities of articles which could be made by the Chapter workers, such as Surgical Dressings, Hospital Garments, Knitted Comforts and the like. Information as to types of these articles was circulated throughout the Chapters and tentative estimates of the quantities which were to be produced were relied upon in arranging for the purchase of the necessary raw materials, such as gauze, cotton, yarn, etc.

Plans for instructing workers in the production of the various articles were rapidly made effective. In a surprisingly short time, the Chapters were turning out enormous quantities of all these articles. In the meantime the Red Cross organization for inspecting, transporting and distributing these products to the points of need was being developed.

It was not humanly possible at the outset to make any dependable estimates of the quantities and relative proportions in which the various

kinds of articles should be produced. The Red Cross Commissions, when they took up their work abroad, and our Department of Military Relief, dealing with Camps and Cantonments in this country, understood from the first the necessity, from every point of view, of making these estimates. The difficulties of making estimates at all reliable must be obvious to all. It required time and opportunity to study the situation from every angle so as to be sure, in the end, that they had given due weight to all of the perplexing phases of the problem.

While these studies were being made, the Red Cross was convinced that it would be wise to spare no pains to be ready for any demand that might be made upon it, and while we have increased our knowledge of the problem month by month the tremendous production of all these useful articles has been going on in every part of the country so that we have, thus far, been able to not only meet in one way or another all of the demands upon the Red Cross from every quarter but have, at the same time, been able to do one further thing which we consider essential. That is, the creation of great stocks of necessary articles so that emergencies—and emergencies are the rule of war—might always find us ready.

If there was no limit to the amount of raw material available in the country and the shipping space which might be used to transport the completed articles to the point of need, the policy of almost unlimited production might be justified. But there is a limit, and a very definite limit to resources, both of material and transportation, and so it is not only wise but necessary that we put the entire production as rapidly as possible on the basis of our best estimates of the most urgent needs, so that while we care for Red Cross requirements adequately we may at the same time be conserving the country's resources of material and its transportation facilities now so sorely tried.

### THE SITUATION TODAY.

#### Surgical Dressings

The rate at which Surgical Dressings have been produced has been constantly increasing and is now at a point higher than our estimates indicate as necessary for some months to come. This rapidly increasing production has strained the capacity of the manufacturers of raw materials to such an extent that there has been serious difficulty in securing sufficient gauze and other materials used in making dressings.

Our Department of Supplies is working in close co-operation with the Government to see that regular quantities of these materials are secured for Red Cross work. All necessary orders have been placed with the manufacturers with every help that can be given the situation by Government priorities. For awhile there will still be delay in getting the materials into some parts of the country, but everything is being done to hasten deliveries, and we hope, before long, to have established regular deliveries to all sections.

If Chapters will take steps to limit their production of dressings to the exact kind and quantities specifically called for by the Division, they may feel assured that the situation is being well cared for. This does not mean, however, that any women who are willing to work need be idle because of lack of opportunity. There is urgent need for other kinds of Red Cross work, as will be seen by the statement which follows.

Hospital Garments, Refugee Garments, Comfort Kits, Knitted Goods. For months past, careful studies have been in progress, not only by our Commissions abroad but by our Departments in this country, working in close co-operation with the Army and Navy to determine the need for these articles. As a result, definite estimates of their requirements between now and the autumn are in hand and have served as the basis for the allotments for the work to be done by the Chapters. To make the things called for by this estimate will mean that more women than ever before will be required to devote their time to this work. Some of these articles are for our own soldiers and for those who will soon be called to the colors, others are for the hospitals of our Allies abroad, both civil and military, while still others are for the unfortunate population in the actual war zone of our Allies, where they will serve to alleviate so far as possible the suffering of old men, of women and of children and at the same time serve as a reminder of this country's interest and sympathy at a time when such evidences of sympathy mean so much to the morale of these sorely stricken countries. This is a war not of the soldiers and sailors alone, but of the whole people, and the morale of the civilians behind the lines is quickly reflected at the front. If the people falter, the soldiers will not fight so effectively. You will see therefore that what we are doing for the civilians in France, Italy and Belgium is just as truly for the fighting man as if it were done for himself.

The same disciplined efforts which has met the needs of the past year will answer the new demands. The women of the country must expect to respond to sudden change in orders and to accept irregularity in supplies as these are a necessary outcome of war demands and war conditions.

### CONFINE YOUR PRODUCTION

Your Chapter will be asked by this office to produce definite quantities of certain articles. These allotments will be changed from time to time as we receive further estimates of requirements from National Headquarters, and you are urged on all accounts to confine your production to these definite allotments and to secure your materials through our Division Supply Warehouse.

### GOOD WORK OF UNIT

On Thursday, July the 12th the Washington Avenue Unit of the National League engaged in Red Cross work will celebrate its anniversary.

A full attendance of the Unit to look over the work for next year is desired. It might be interesting to know just what we have accomplished in the last year. It is covered by a list of the work done since organization was effected July 11, 1917.

Comfort pillows 144, Arm fracture pillows 43, leg fracture pillows 31, ambulance pillows 7, elbow rests 310 substitute handkerchiefs 122, medicine glass covers 94, triangular bandages 40, T bandages 66, abdominal bandages 32, wash rags 59, linen compresses 90, bed socks 6, shot bags 1150, bed shirts 28, sweaters 47 muffers 13, wristlets 14, helmets 17, socks 34.

In all 2347 finished articles have been delivered. It is hoped many more women of the neighborhood will make an effort to work with us the coming year. It is desired to make it a real neighborhood meeting and a cordial invitation is extended to all who desire to work in this cause. The meetings are held Thursday afternoon during the summer, while Wednesday is being made a holiday.

### THURSDAY UNIT OF R. C.

There will be work for the Thursday Unit of the Red Cross, at the Red Cross Headquarters, in the Y. M. C. A. Annex, Thursday.

### DAUGHTERS RESUME WORK

The Red Cross Unit of the Daughters of the American Revolution resumes its Red Cross work Friday afternoon in the new quarters in the Y. M. C. A. building.

All Daughters are urged to defer other engagements and take part in doing this greatly needed Red Cross work.

Another installment of jellies was taken over to Camp Sherman by Daughters Wednesday. There is still quite a quantity to be sent and if those who go over will bring back the empty jelly glasses it will save the expense of shipping.

Wednesday a hundred glasses were brought back from the base hospital and taken to the home of Miss Marie Lanum, where they can be obtained by the donors of that neighborhood.

## QUENTIN ENGAGES THREE HUN PLANES

(American Press)

Paris, July 11.—Lieutenant Quentin Roosevelt, the youngest son of ex-President Roosevelt, brought down his first German airplane in a fight north of Chateau Thierry. Roosevelt, with three other pilots, was flying at a height of 5,000 yards, eight miles inside the German lines, when the machines became separated. Soon after Roosevelt saw three planes, which he thought were his companions, and started to join them. He was approaching the machines from the rear when he saw his mistake, for the planes were Germans. Roosevelt immediately opened fire and after 50 shots tracers penetrated the fuselage of the nearest German machine and it went into a spinning nose dive, falling through the clouds 2,000 yards below. The two remaining airplanes attacked Roosevelt, but he managed to make good his escape.

## WEEVIL IN WHEAT AT THRESHING TIME

Reports of the presence of the red weevil in the wheat at threshing time—a thing decidedly out of the ordinary, have come from a few farmers in this part of the state, and the presence of the pest has resulted in a decided falling off of the yield and a drop in the quality.

Fortunately the presence of the pest has not been noticed in many fields, and it is expected that comparatively few farmers will suffer loss on account of the red weevil.

## EAST PLEDGES \$49,000,000 IN "Y" DRIVE

(American Press)

New York, July 11.—Pledges to raise \$49,250,000 in the \$112,000,000 war work campaign to be conducted this fall by the Young Men's Christian association were made at a meeting here of 300 business men and financiers representing the eastern district. Announcement was made that \$15,000,000 of the national fund will be turned over to the Young Women's Christian association "to show better appreciation by the men of the relation of the women to this great struggle."

Seven states and the District of Columbia are represented in the eastern district, and their quotas were fixed as follows: New York, \$29,250,000; New Jersey, \$3,500,000; Pennsylvania, \$11,000,000; Delaware, \$300,000; Maryland, \$1,000,000; Virginia, \$1,000,000; West Virginia, \$600,000; District of Columbia, \$500,000.

John R. Mott, chairman of the association's national war work council, declared that \$112,000,000 or more is needed for the work of the Young Men's and Young Women's organizations with an army of 3,000,000 men in prospect.

## VARIOUS KINDS OF WOOD NOW USED IN U. S. AIRPLANES

Associated Press Dispatch.

Washington, July 11.—A policy now effective in American airplane production is that of supplementing spruce wood supply by using selected timber of other more widely distributed commercial varieties. It is said that exhaustive tests made by the forest service, followed by experiments in construction, have proved that requisite qualifications of strength and lightness for airplane building are possessed in varying degree by other woods, notably white pine, and that under orders of John D. Ryan, head of the Aircraft Board, use of them was immediately decided upon.

It is not intended, the technical men say, to displace the invaluable but somewhat inaccessible spruce with the other woods except in making the fuselage, finishing the body, and building up sections of the structure like the landing-struts, where the strain and stresses of progress against air resistance do not center. Spruce will still constitute the material for wing spars, struts, between planes and similar sections where these stresses do

# EFFORT TO SHIFT DRY PROPOSAL A FAILURE

(American Press)

Washington, July 11.—The ruling of Senator Saulsbury, president pro tem of the senate, that the prohibition amendment to the \$11,000,000 emergency agricultural bill should be stricken from the measure because it is general legislation, was not sustained by the senate.

Consideration of the amendment followed immediately, with Senator Phelan of California offering a motion to strike out all reference to wine. Prohibition leaders expect to reach a final vote on the amendment within a few days unless more pressing legislation displaces the agricultural measure.

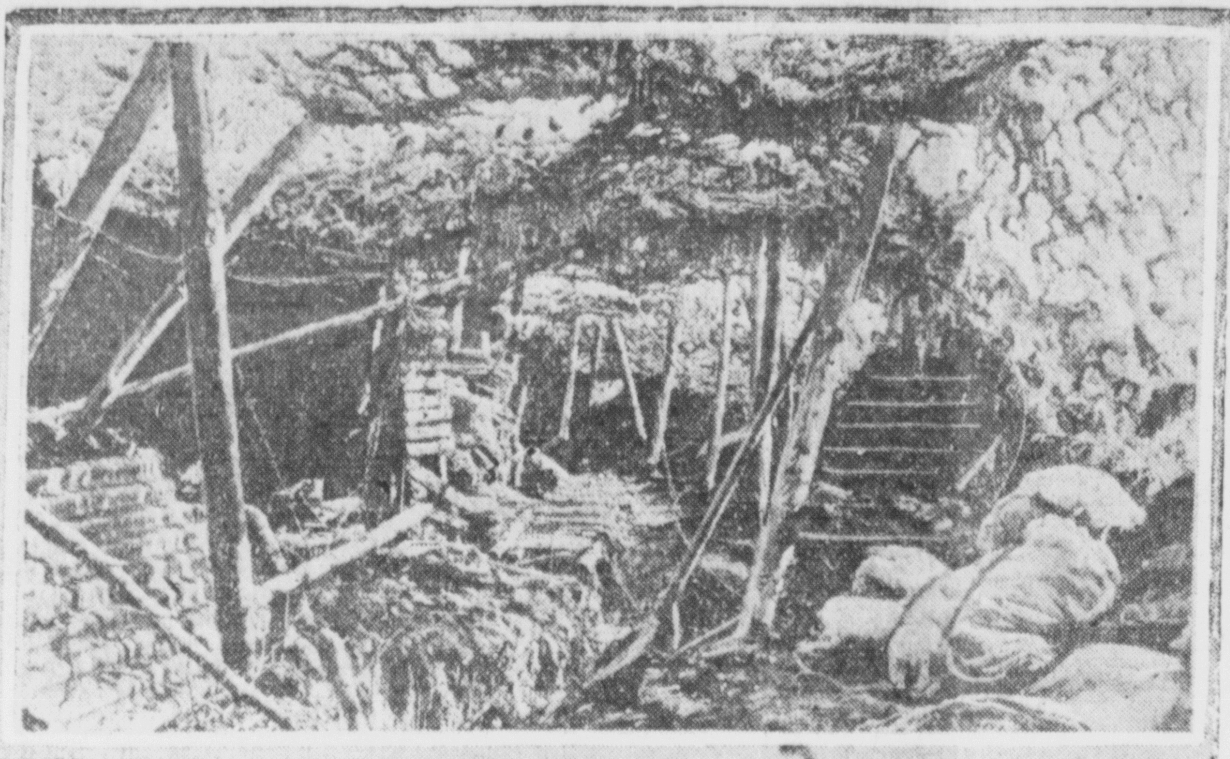

The point of order was raised by Senator Penrose of Pennsylvania, who claimed the amendment, which prohibits the sale, except for export, of intoxicating liquors after Nov. 1, is general legislation attached to an appropriation bill in violation of the senate rules.

Although the chair's decision was overruled by a narrow margin—36 to 33—prohibition leaders declared their full strength was not marshaled against the ruling, as many senators who favor prohibition voted to sustain the chair and that the amendment would be adopted by an overwhelming majority.

Senators Pomerene and Harding of Ohio both voted to sustain the decision of the chair.

Senator Penrose, in calling up his

## WOUNDED YANKEES SEEN IN LONDON

(Associated Press Correspondence)

London, June 27.—Convalescent American soldiers from the battlefields of France and Flanders soon will be familiar sights on the streets of London. Already many of the American wounded are being cared for in hospitals here but plans are being made to bring all or practically all across the Channel.

Those declared unfit for further duty will be sent back to the United States as rapidly as possible and the question of sending over for the later stages of convalescence those whose complete restoration is certain but which will require many months, is understood to be under consideration.

The Medical Department of the army took steps early this month to establish two more base hospitals at English ports and to increase the facilities at those now in operation, and the Red Cross is preparing to open a 3,000 bed hospital.

The largest hospital now used by the American army is one in France, equipped to care for 3,500 patients.

As a part of the plan for restoring the wounded in England instead of France there has been placed at the head of the American army's Medical Department here a general officer, General Winter.

One of the reasons for the decision to bring the American wounded here for treatment was the conviction that recovery in many cases would be hastened by the absence from the depressing proximity to the battle fronts, and that the men would become fit for active service in less time if in the environment of a people speaking their own language.

## THE SUGAR GROVE W. C. T. U. MEETING

The Sugar Grove W. C. T. U. met Wednesday at the home of Mrs. Robert Todhunter.

Owing to the busy season the attendance was not so large as usual but the meeting was intensely interesting.

Mrs. Elva Post had charge of the devotionals. Mrs. Todhunter read a very interesting paper, subject, "The Influence of the State W. C. T. U. President which was followed by discussion.

A paper by Miss Minnie Brakefield subject, "Patriotism and Good Government." Owing to an oversight in report of the meeting of two weeks ago mention was not made of a rec-

tation by Dorothy McCoy on "Save Every Crumb" which was delightfully rendered and much enjoyed.

Red Cross work occupied the attention of the members during the latter part of the Wednesday meeting.

Delicious lemonade was served by the hostess at the close of the program.

## TWO TORPEDOES FIRED AT VESSEL

(American Press)

New York, July 11.—An American liner from Chile, arriving here with 85 passengers, was attacked by a U-boat off Cape Henry. Two torpedoes were fired without warning, but both missed by narrow margins. The attack took place about 250 miles off the coast. Passengers believe the submarine had warning of the liner's coming with its valuable cargo of 3,600 tons of nitrate for munitions, and lay in wait for it. The first torpedo swished down the side of the steamer. Immediately an alarm was given. Passengers were hurrying to the deck when, less than a minute later a second torpedo passed so close to the stern that it barely cleared the propeller. The submarine, however, was not seen.

## FIRST BAND CONCERT DELIGHTS AUDIENCE

The first of the series of band concerts greatly pleased the large number of citizens who assembled to hear the Whelpley Band Wednesday night, the only criticism offered as the lateness of the hour, the concert not beginning until nine o'clock.

For the most part the concert consisted of patriotic airs, interspersed with popular numbers, and as a result there was an enthusiastic response on the part of the audience.

The work of the band was a pleasure to everyone and indicated that the band is still up to its former standard of excellence. The solo work also attracted much favorable comment.

The concert was given at the intersection of Main and Court streets, and a section was roped off to prevent interruption by passing machines and vehicles during the concert.
